Student Computer Use Agreement – Years Prep - 2

I agree to allow my child to access the internet within specified areas that have been previously viewed by the classroom teacher or quality assured and available through the Department of Education and Early Childhood Development’s web site or other sources approved by the school. I will instruct them to only use the internet to access appropriate information relevant to their work and to make NO attempt to access unsuitable material.

I expect that adequate supervision will always be available when my child is using the internet.

I have explained to my child that he/she should click on the Home button and inform the teacher if he/she encounters any material on the web that makes him/her feel uncomfortable at any time.

My child is aware that he/she should never give out personal information, including their phone number, last name or home address or their parents’ work address or telephone number when using the internet.

My child agrees to take great care of all computer equipment and to respect the work of fellow students. He/she will always check with the teacher in charge before downloading any information from the internet, and will not use any removable storage devices on school computers without the permission of the teacher in charge.
