POLICY

- 1. School profile

Clayton South Primary School was established 1929 and is located in the suburb of Clayton South, 20 km south-east of Melbourne's Central Business District, located within the City of Kingston local government area. We have approximately 115 students enrolled from Prep to Grade 6 and 21 school staff members including a Wellbeing Coordinator, Psychologist and Speech Pathologist.

Our school grounds are comprised of 3 acres and sit within a light industrial, residential area. The original brick building is today our most impressive visual arts / LOTE facility that provides an impressive atmosphere and space for our students to develop their creative talents. Most students that attend our school live locally and tend to walk or ride their bike to school. Clayton South Primary School has developed close ties to the local community and enjoys support from our local shops and community services.

Our school is culturally diverse with 49% of families having a language background other than English (LOTE). We are proud of our diversity and inclusive school community. We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

2. School values, philosophy and vision

Clayton South Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Our vision is to provide a happy, caring and stimulating environment. We work in a diverse community and do so with a sense of commitment. Children are encouraged as individuals to achieve their best, so they can make positive contributions to the community.

At Clayton South Primary School we've worked hard to establish a strong set of values which is the basis for planning, classroom activities, and student well-being programs. Students, staff and members of our school community are encouraged to live and demonstrate our core values. Clayton South's values use the acronym CARES:

Community - feel valued, safe and supported in an environment that celebrates diversity

Acceptance - recognise and value the different cultures that exist in our community

Respect - friendly interactions between teachers, students and the community

Excellence - value learning and achieve to their full potential

Self-confidence - motivated students with a positive attitude
